February 2015

Boat Show

It is that time once again: Boat Show Season. If you are in the market for a new boat or would like to upgrade, the Richmond Raceway will be home to the 27th Annual Boat Show. We will be showcasing Parker, Key West, and our new line: Manitou Pontoons. There will be plenty of models for you to see and explore the various features.

Key West boats have been in business for over 25 years. We have seen Key West make a number of changes to accommodate the boater that wants to fish, ski, tube, or just cruise. Parker is known for its strength, simplicity, and seaworthiness. A family owned and operated business that is built upon tradition.

The fabulous 186 Dual Console featured by Key West.

We welcome Jim Savage to the Garrett's Marina family. Jim will be able to assist you with the purchase of your boat.

April: Mon-Sat 8-5

May-September: Daily 8-5

October-March: Mon-Sat 8-5

Manitou Pontoons

Garrett's Marina's newest addition is Manitou Pontoon Boats. The best pontoon on the market starts with the strongest frame in the industry. Come see the patented V-toon technology exclusively featured on Manitou's. What is V-toon? V-toon is adding a third tube bolted to the deck. Normally, pontoons come with two tubes attached to the deck; but not Manitou's. It's the precise positioning, along with strategically placed positive angle lifting strakes that results in the exact degree of deadrise and water displacement needed to simulate the standard V-hull. Extensive research has confirmed that the V-toon will detrimentally affect ride quality, stability, acceleration, speed and hauling. Pictured below is a Manitou image of the "v" design that these unique boats feature.

Oasis 25 Manitou Pontoon ready to find a new home!
